WOODBURY INTEGRATED STUDENT EXPERIENCE (WISE)

LEADERSHIP

DEFINITION:

Leadership experiences provide an opportunity for students to learn how to organize and implement a consensus of ideas among a diverse group of people, direct conflict resolution, interpersonal skills among a group, and implement a vision. It requires participation as part of a team charged with accomplishing a common goal through the modeling of inclusivity and a strong ethical belief system.

LEADERSHIP LEARNING OUTCOMES:

1. Identify and discuss leadership theories used or observed during the WISE experience.

2. Facilitate the development of group goals to build a team.

3. Display emotional intelligence through communication with others.

4. Think critically.

5. Practice conflict resolution.

6. Recognize and/or apply frameworks for ethical decision making.

Example of Leadership WISE experience:
Leading Student organization, off campus or community organization, etc.
